LIMESTONE TO COME FROM BIAS BAY.

HUGE SUPPLIES DISCOVERY.

Important Deal by Green Island Cement Co.

The discovery of huge supplies of limestone in close proximity to Hongkong, and an important deal effected by the Green Island Cement Company, may combine to have a far-reaching effect on the price of cement and the cost of building operations.

Bias Bay has hitherto appeared in the limelight as a rendezvous of pirates. To the casual observer it is a sleepy looking place with small up-country communities here and there. However, in the near future, these old-fashioned country folk—and the pirate haunts—will be rudely awakened by the march of science. Enterprise, undeterred by what at one time might have been considered unsurmountable obstacles, will be responsible for miniature steam locomotives puffing along the countryside on a light railway and stone-quarrying by the most modern methods.

Toward the end of last week the Green Island Cement Co., Ltd., brought to a close protracted negotiations with one of the Colony's leading timber merchants for the supply of limestone from Bias Bay. It has been stated that the raw material from this source will cost the company, a little over a dollar (Hongkong currency), a ton less than that now coming here from Haiphong, Indo-China.

Years ago the Green Island Cement Co. procured their limestone from the vicinity of Canton. Political changes put an end to shipments from Canton, and the company turned its attention to Haiphong. Technical experts have been at work on the Bias Bay quarries. Excellent results have been forthcoming with analyses mentioned as never lower than 97 per cent. The saving to the company will be affected, mainly, by decreased transportation—Bias Bay being only a few hours from Hongkong—and by the fact of lighters going alongside the company's factory at Hokun, and thus eliminating the stevedoring of a ship and transhipment by lighter.

Bias Bay is now under General Chan Kwing-ming's rule, and the administrators have given the scheme their entire approval. The contractors are to use pneumatic drills to quarry the stone, which will be put on a light railway for carriage down to the

Bay. There, a wharf will be constructed, which will be capable, it is stated, of taking the lighters alongside for direct loading.

Those who have been connected with the pioneering work state that the Green Island Cement Co. will receive a stipulated minimum of 10,000 tons a month. In their opinion, the actual supply will be much greater once things are running smoothly. The railway will be about three or four miles in length, and the limestone will be brought to Hongkong by the Tug and Lighter Co.

With this huge amount of limestone to draw upon, and with decreased initial costs, the position of the cement industry in Hongkong will be greatly enhanced. Cheaper and more abundant cement should mean reduced building costs—a boon to all in these times of housing shortage. Moreover, Hongkong will be more favourably equipped to cope with competition from Europe and Japan in the business of furnishing the manufactured product.

DRIVE ON CANTON.

Anti-Sun Factions Ready
For Saturday.

COUNTER-PROPAGANDA.

POSSIBLE ATTITUDE OF SUN'S
GENERALS

(From Our Own Correspondent.)

Canton, February 1.

Put off for weeks, the date for the opening of hostilities on the East River front, and the commencement of the drive on Canton by the anti-Sun factions have been fixed for the 15th day of the 1st moon (February 1).

To counteract propaganda by Chan Kwing-ming in the capital, a parade of military cadets from the Whampoa "Red" Military College, a few Yunnanese, and Kwangsi mercenaries, some Naval ratings and a detachment of "Labour Corps" was held this afternoon. Everybody carried a paper banner with anti-Chan inscriptions. Leaflets were distributed under the name of the "China Young Men's Military United Association" exhorting the public to "beware of Chan's wiles." The cadets appeared to be quite a smart lot, with new equipment which bore a suspicious resemblance to the merchandise "Hav" arms.

FORGERY ALLEGED.

CAUSE CELEBRE IN FULL COURT.

BANKING TRANSACTIONS.

Was There Misrepresentation Of Jury By
Chief Justice?

Misrepresentation of the jury by the then Chief Justice (Sir William Rees Davies, K.C.) is the ground on which the Bank of East Asia commenced an appeal this morning against the decision given against them a year ago as a result of which they had to make good sums of \$72,000 which had been taken from a firm's account with them.

The firm is the Tai Wo firm, for whom Mr. F. C. Jenkin appears (instructed by Messrs. Lo and Lo), the Bank of East Asia being represented by Mr. Eldon Potter, K.C. (instructed by Messrs. Deacon, Harston, and Shenton).

The Full Court which is hearing the appeal consists of Sir Henry Skinner, Turner from Shanghai, Sir Henry Cowper Gollan, Chief Justice of Hongkong, and Mr. H. H. J. Gompertz, Puisne Judge.

The facts as outlined by Mr. Potter, and which attracted considerable attention when the case was heard a year ago, are that money was paid out by the Bank on the presentation of two cheques, one for \$37,000 and the other for \$35,000 which bore what purported to be the signature of Lau Si-yuen, the chief man in the firm, which Mr. Potter termed a "one man" firm.

It is the firm's contention that

tures were Lau Si-yuen's. Cross-examined by Mr. Jenkin he admitted that certain tests which Mr. Jenkin made pointed to a signature having been forged. It was on this evidence that Sir William Rees Davies, addressing the special jury which had been summoned, told them that their duty was purely a ministerial one and that he directed them to find a verdict against the bank.

Mr. Potter, at this morning's hearing, said that the then Chief Justice had been misled and had wrongly assumed that the Bank based its whole case on expert evidence.

Mr. Potter said that although the Tai Wo firm called themselves merchants their business was practically nil. He produced accounts according to which the only business transacted by them from August, 1922, to the crucial dates was one involving a profit of \$136. He gave statements of the state of the account of the firm at the Bank which, he said, proved conclusively that whoever cashed the cheques had a very intimate knowledge of the affairs and account of the Tai Wo firm.

"We say that Lau Si-yuen has endeavoured, by adopting a scheme which has been known before, to deny the authenticity of two cheques which, if he is successful, will mean that he gets his money over again," said Mr. Potter.

More accounts concerning the affairs of the Yangtze Trading Company, in whose name the disputed cheques were made out, were put in by Mr. Potter; and he said that there was no doubt that this firm were parties to what (not to use a harsher word) he would call the transaction. This Company had an account at the Asia Banking Corporation, and Mr. Potter pointed out that its account was at its highest when that of the Tai Wo was at its lowest, and that on both occasions the cheques in dispute were drawn after money had been put to the account of the Tai Wo firm.

The circumstances under which a second cheque book was sent to the place of business of the Tai Wo firm were given by Mr. Potter, these showing, he claimed, that unless someone else had sat in Lau Si-yuen's place and forged his signature it had been received by him.

The case is proceeding.

MOTOR CARS GIVEN AWAY FREE.

Popularity Campaign Opens With Flying Start.

The fact that two motor cars, a piano, a radio-set, as well as thousands of dollars worth of other prizes, are to be given away free by the China Mail and Sunday Herald has excited the greatest interest in the Colony. Our telephones have kept up an endless ringing as one after another of our friends has called us up to exclaim, "This is the most liberal offer ever made by a newspaper!"

We modestly admit it! The best of all is that it is free—absolutely free, in exchange for a little effort on the part of the contestants.

There is a nomination coupon printed in the Big advertisement in this issue. It is valuable. Have you a friend whom you would like to see win one of the motor cars? Who among your friends is extremely popular, besides being energetic and active? You will think of several people immediately. Then clip the coupon, fill in the name and address of the person you think the most likely one, and send the coupon to the Campaign Department, China Mail—Sunday Herald. This will enter your friend in the race and at the same time you will be casting 5,000 votes to his or her credit. Your name will not be divulged if you do not wish it and you may nominate and vote for as many friends as you wish.

It does not cost you one cent to make a nomination. You may send in your own name if you wish and cast the 5,000 votes for yourself.

In addition there is another coupon which appears daily and which is good for 50 votes. You may collect as many of these daily votes coupons as possible. If you wish to enter the race yourself, call at the Campaign Headquarters, Room F, Second Floor, Yee Sang Fat Building, corner Queen's Road and Wyndham Street. We will give you receipt books and supplies. These are furnished to you free. Then begin calling on your friends, requesting them to save the daily vote coupons for you and also to give you their subscriptions. The price of the China Mail delivered to your home each evening is \$36.00 per year. By subscribing now you will be able to cast thousands of votes for your favourite candidate.

The Campaign is not yet officially opened. Therefore by entering immediately the advantage of an early start may be gained. Be in the lead from the beginning. Be first in the field to call on your friends for their subscriptions and votes. Take the initial step to-day. Send in your name and win a Motor Car. Clip the Coupons Now.

AEROPLANES COVER SPANISH RETREAT.

Aeroplanes helped to cover the retreat of Spanish troops from untenable positions in Morocco, but native guerilla bands harassed the retreating forces from the rear, despite a withering machine gun fire from aloft. The retreat was but another chapter in a series of reverses suffered by the Spanish armies of occupation during a century of warfare with the Riff tribesmen.

ST. PAUL'S SAFE.

MAIN PIERS ONLY NEED
STRENGTHENING.

ALTERNATIVES DANGEROUS.

(Reuter's Service.)

London, February 1.

The commission of experts who have been examining St. Paul's Cathedral since 1921 state that suggestions that the Cathedral is not safe are unfounded.

The methods they have recommended, for strengthening the main piers of the Cathedral will, if carried out, restore the piers to as good a condition as when they were originally built, and it is very improbable that any further work would be required.

The commissioners are in effect recommending continuance of the work carried out by the Cathedral authorities during the past twelve years in refacing the two main piers, but with an important addition of first strengthening the interior piers.

Canon Alexander, the Treasurer of St. Paul's, states that the alternative to this method, namely trying to replace the piers, is very dangerous. He is assured by the highest engineering and architectural authority in the country that to attempt to rebuild the piers, very probably meaning the removal of the dome or part of it, is so risky that no responsible architect or engineer is likely to undertake the task.

A LOCAL EFFORT.

In order to assist the local fund in aid of the Restoration Fund inaugurated by the Dean and Chapter of St. Paul's Cathedral, as cabled to H.E. the Governor, a performance of "Saint Joan" by the Hongkong A.D.C. is to be given in the Theatre Royal on Monday next, February 9, at 9 p.m. Advance booking opens at Anderson's on the 6th inst., and it should be explained that a num-

ber of local ladies are kindly selling coupon tickets which may be exchanged for the regular tickets at Anderson's. Public booking opens on the 7th. Seats to all parts of the House will be \$4 each. It is hoped there will be a great audience and that the fund will benefit accordingly.

SUN YAT-SEN.

"Extreme Weakness."

(Courtesy Daily Bulletin.)

Peking, February 1.

Sun Yat-sen, yesterday afternoon, after slight exertion (presumably, owing to official calls) suffered extreme weakness. His pulse rose to 160 and his temperature rose, but he passed a comfortable night.

A telegram published in a vernacular paper this morning, from Canton, states that the "critical period of danger" in Dr. Sun's illness is considered past.

ber of local ladies are kindly selling coupon tickets which may be exchanged for the regular tickets at Anderson's. Public booking opens on the 7th. Seats to all parts of the House will be \$4 each. It is hoped there will be a great audience and that the fund will benefit accordingly.

SUGAR PRICES.

PESSIMISM IN NEW YORK.

Although the general feeling in
 New York with regard to sugar
 market is less bullish, sugar mer-
 chants still believe that sugar
 prices will reach bottom when
 Cuba closely approaches its peak
 production, according to cable
 advices received by the Director
 of Commerce and Industry from
 the Philippine commercial agent in
 New York yesterday. (Says the "Manila
 Bulletin" of January 21.) With the
 market steady, a moderate volume
 of business was transacted, and
 due to delayed arrivals of the
 sugar caused by unfavourable
 weather, refineries have low stocks,
 it is reported.

Due to systematic publicity
 given Philippine tobacco products
 in the United States and the utmost
 care taken to prevent exporting
 low class cigars to the United
 States, the prospects are favourable
 for P. I. cigars. This was further
 influenced with the decreased
 production of tobacco crop in the
 United States last year. Retailers
 in New York have small stock of
 Manila cigars. The cable says in
 part as follows:

"Sugar market steady. A moder-
 ate volume of business was
 transacted. Refineries have low
 stock. Arrivals of raw is delayed
 by unfavourable weather. Al-
 though the general feeling is
 less bullish, many are still of the
 opinion that the market
 has not reached the bottom,
 alleging that the real test will be
 felt when Cuba closely ap-
 proaches its peak production.
 However, there are indications
 that the prevailing comparatively
 low prices of Cuba sugar are
 beginning to attract the attention
 of the rest of the world, particu-
 larly China and Japan. Sales of
 Philippine Islands' sugar amount
 to 4,500 tons done at 452 cents
 gold per pound or P12.52 per
 picul, for February-March de-
 livery."

"Strong tobacco are coming to
 take part in the tobacco show
 (January 18 to 24). With steady
 market, prospects are favourable
 and retailers have little stock.
 Market for hemp strong, particu-
 larly for "I" and above grades.
 With embroidery market steady
 at unchanged prices, little stock
 of last year's production is now
 available."

SHARE REPORT.

Messrs Moxon and Taylor
 report:

We have had a quiet market
 during the past week owing to the
 Chinese New Year holidays, but at
 the close there is a strong under-
 tone with buyers prevailing for
 most of the favourite stocks.

The Shanghai market has been
 closed until to-day and opening
 quotations show practically no change.

The following are the principal
 alterations since last week:

Hongkong Banks:—Continue in
 good demand with more buyers
 than sellers.

Unions:—After coming to busi-
 ness at \$26½, are rather easier with
 sellers at the price.

Cantons:—Have come to busi-
 ness at \$75½.

Hotels:—Are quiet at quotations.

Hongkong Lands:—Are steady
 with buyers at \$108.

Humphreys:—Remain steady but
 few shares have changed hands.

Cements:—Are firm with buyers
 at \$28½ cash for Combined shares.

Wharves:—Are a little firmer
 with buyers at \$21½ cash and \$21½
 for March.

Hongkong Docks:—Are easier
 with sellers at \$15½ and less
 would be accepted.

Shanghai Docks:—Are quoted
 at Tls. 106.

Hongkong Electric:—Are very
 firm with buyers at \$45½ but no
 sellers.

Hongkong Trams:—Are also in
 good demand both for cash and
 forward.

China Sugars:—Are wanted at
 \$32 cash without attracting sellers.

China Providents:—Are strong
 and have risen to a buying rate
 of \$40½ for Combined shares
 without attracting sellers.

China Lights:—Are also very
 firm with buyers at \$26 and sel-
 lers holding off.

Dairy Farms:—Are steady and
 have come to business at \$27½ for
 March.

Steamboats:—Have firmed up
 with buyers at \$38½ cash.

Star Ferries:—Are in good de-
 mand at \$140. With few if
 any shares offering.

Lane Crawfords:—Are wanted at
 \$10.

Taxis:—Could be placed at \$2½
 and probably more would be paid.

London Quotations of the 29th
 Inst.—Hongkong Banks \$142½,
 Indos Deferred \$13 10½, Shells
 \$4 11½. All middle prices.

Exchange:—The demand selling
 rate on London is 2/3 15/16 and the
 T.T. on Shanghai is 73½.

RUBBER MARKET.

HOME PRICES STRONGER.

London, January 31.

The Mincing Lane rubber mar-
 ket, which opened with buyers at
 1s. 5d., became stronger in all
 positions, at 1s. 5½d. paid, except
 for April and June, at 1s. 5d.

On the past quarter, the average
 price works out at 1s. 5.983d.
 It is officially announced that
 the quota for February and April
 exportable at a minimum duty from
 Ceylon, the Straits, and Malaya,
 has been increased 5 per cent. to
 65 per cent.—Reuter.

CANTON NATIVE BANKS.

DATE FOR RESUMPTION OF
BUSINESS.

According to custom and tradi-
 tion, all native banks in Canton
 city generally resume business
 about a week after the Old New
 Year festival, says the "Canton
 Gazette." Business during the
 first half of the first moon is,
 however, a mere preliminary for
 the scrutiny of customers and
 their financial dealings. Safety
 first is the policy pursued now-
 adays.

The money exchange shops
 commence business earlier than
 the bank proper, the principal
 function of the latter being the
 granting of loans. Bankers at
 Canton and at Fatsien have fixed
 the 15th day of the 1st moon
 (February 7), as their opening
 day for loan transactions.

The Victrola fits into the home surroundings as quietly as a lovely desk or a graceful table. In silence, it pleases the eye. Whenever you desire, it forthwith transports you with beautiful song—anything your mood demands, whatever the moment calls for, from the latest dance to the most exquisite vocal aria.

All it requires to give you the deepest musical satisfaction, is that you use it with Victor Records, to which it is accurately attuned, and for which it is made. To follow this simple rule when buying is to bring yourself the greatest degree of pleasure.

KOWLOON TOWN PLANNING.

Observant readers of the Kow-
 loon Resident's Association annual
 report will not have failed to note
 one very curious item in that
 interesting document. Anxious
 to avoid addressing the Govern-
 ment on matters which might
 already have been finally decided,

the Committee requested the
 favour of a copy of the map of
 Kowloon and adjacent districts
 prepared by the Town Planning
 Committee. The Government
 stated that as the recommenda-
 tions of the Town Planning Com-
 mittee were of a tentative nature
 and still under consideration, a
 copy of the map could not be
 supplied. The Government also
 refused to accede to a suggestion
 that a member of the Kowloon
 Residents' Association Committee
 should be appointed to the Town
 Planning Committee. Doubtless
 the Government has its own
 reasons for this attitude, but they
 are hard for the public to under-
 stand. Almost two years ago,
 urging better postal facilities for
 the mainland, the Chairman of the
 Kowloon Residents' Association
 observed that it might just be
 that this matter had already
 received the attention of the Town
 Planning Committee. "But of
 course," he added, "we do not
 know, for the simple reason that
 the Government has never seen fit
 to invite a member of this Associa-
 tion to join that Committee or to
 acquaint us of anything yet
 planned." That a great deal has
 already been planned, if only
 tentatively, by the Town Planning
 Committee, was made clear by Sir
 Claud Severn about the time that
 this protest was uttered. Sir
 Claud Severn said that the Kow-
 loon peninsula had been mapped
 out in detail for the future
 requirements of a very large
 population. "Provision is being
 made for roads, railways, ferries
 wharves, sewage works, slaughter-
 houses, markets, government
 buildings, offensive trade areas,
 residential areas, timber yards,
 coal yards, recreation grounds,
 etc." This scheme is manifestly
 very ambitious, and the personnel
 of the Committee guaranteed that
 it was also practical and thorough.
 Clearly, Sir Claud Severn did not
 exaggerate when he said that the
 Committee's work was very closely
 involved with the future develop-
 ment of the Colony and its pros-
 perity.

VISITING TOURISTS.

INVASION OF THE COLONY AND CANTON.

A MAMMOTH LINER.

The visit of the 440 world tour-
 ists on board the Rer Star liner
 "Belgenland" will terminate this
 afternoon with the departure of the
 vessel for Manila at 5 o'clock.
 Comprehensive arrangements had
 been made by the American
 Express Company for the transport
 of the visitors to the principal places
 of interest. Shortly after arrival on
 Saturday morning the invasion
 began with parties proceeding to
 Repulse Bay, the Peak and the New
 Territories, whilst the more ven-
 turesome, about 70 in number,
 changed over to the s.s. "Homam"
 for Canton.

In the evening two other parties,
 making up a total of 130, travelled
 to Canton by the s.s. "Leungshan"
 and s.s. "Sai On" specially char-
 tered for the purpose. To enable
 the visitors to get ashore as and
 when they liked, a special launch
 plied the whole time between the
 ship and Blake Pier.
 From a business standpoint, the
 local silk and jewellery stores are
 not satisfied with the buying
 capacity of the visitors. It was
 hinted at one or two jewellery
 shops that such things as here
 could well be bought in Rangoon
 and other places at far cheaper
 prices.
 Leaving Manila, the "Belgen-
 land" will proceed to Batavia,
 Singapore, Diamond Harbour,
 Calcutta, Colombo, Bombay, Port
 Sudan, Port Tewak, Alexandria,
 Naples, Monaco, and Gibraltar.
 The vessel, which is the largest
 ever to circumnavigate the globe,
 is travelling from New York to New
 York on a leisurely fixed itinerary of
 132 days, with stops at 14 different
 countries and covering 60 cities.

that in acknowledging receipt of
 a copy of the annual report for
 1923, the Hon. Colonial Secretary
 expressed the Governor's appre-
 ciation of the work that had been
 done. And so long as the Associa-
 tion follows its present policy of
 being suggestive rather than
 critical, so long must it command
 the Government's respect; so long
 also must it command the support
 of every Kowloon resident. That
 is clear. Yet this Association is
 still not only denied the privilege
 of having a voice in the councils
 which are shaping the future of
 the mainland but is also kept in
 the dark regarding the schemes
 proposed, the schemes "closely
 involved with the future develop-
 ment of the Colony and its
 prosperity."

Co-operation Welcomed.

It was not to be expected that
 the recent co-operation between
 the British and the Chinese in the
 successful raid on the pirates' head-
 quarters at Bias Bay would pass
 without comment of some kind.
 Thus, the "North China Daily News," after reviewing Chen
 Chiung-ming's military policy
 affecting Canton, and remark-
 ing on his recent spell of
 inactivity as a fighting force in
 the wars in China, states that he
 has shown how to utilise his
 troops in a minor operation. That
 "minor operation" is, of course,
 the combined manoeuvres carried
 out by the British Navy and
 Chinese soldiers against the
 pirates, leading to the capture of
 many of the marauders, the killing
 of a prominent ringleader, and the
 destruction of villages in which
 the pirates had been harboured.
 Our contemporary congratulates
 the combined force on the result,
 which is bound to be of good
 effect; but what is emphasised is
 that it shows the possibility of
 close co-operation between the
 nations in this work, carrying with
 it the hope that it may be extend-
 ed in the future. As it rightly
 points out, most of the pirates
 on the Hongkong-Canton run have
 been possible because Canton has
 not co-operated with Hongkong in
 a search of the passengers, and
 that for no good reason. It is
 obviously to the advantage of both
 nations that these pirates should
 be quelled, and General Chen
 Chiung-ming has shown himself
 to be the one enlightened man in
 Kwangtung with the sense to
 engage in international co-opera-
 tion. That there has not been the
 utmost co-operation before is pass-
 ing strange. It has certainly been
 desired by the authorities in
 Hongkong, whose anti-piratical
 activities have been seriously
 handicapped—and at times even
 thwarted—by the inane passive
 policy in Canton. Now, however,
 that a demonstration has shown
 what co-operation can really
 achieve in the work of ridding the
 high seas of pirates, Canton may
 change its tune and show itself
 ready for co-operation. It is as
 much to their gain as ours that
 such a spirit should exist.

NEW OPIUM PLAN.

DETAILS OF DRAFT PROTOCOLS.

HONGKONG AFFECTED.

(Reuter's Service.)

Geneva, February 1.

The following are the essential
 points of the two draft-protocols
 distributed yesterday by the joint
 committee of the first and second
 opium conferences. They emanate
 from the British delegation.
 The first protocol re-affirms the
 obligation under Article VI of
 the Hague Convention of 1912
 and undertakes effectively to pro-
 hibit the use of prepared opium
 in Far Eastern territories within
 fifteen years from the effective
 execution of producing countries
 to limit and control the produc-
 tion and distribution of raw
 opium so that smuggling no
 longer constitutes a serious
 obstacle to the carrying out of the
 measures necessary to that end.
 The protocol provides for the
 appointment of a commission by
 the League of Nations whose
 decision shall be final for the pur-
 pose of deciding when the above-
 mentioned measures have become
 effective. During the period pre-
 ceding the commission's decision
 every effort shall be made to re-
 duce the consumption of prepared
 opium, to encourage the abandon-
 ment of the practice by existing
 smokers, and to combat illicit
 traffic.

The protocol deals with mea-
 sures for the effective prohibition
 of prepared opium at the end of
 the fifteen years. It exempts
 persons using prepared opium
 under medical certificate.
 The protocol provides that in
 the event of a serious recrudescence
 of opium smuggling an appeal
 may be made to the Council
 of the League to appoint a
 commission of investigation, and
 should the commission report that
 the measures of producing coun-
 tries to restrict production and
 prevent illicit export have proved
 ineffective, any of the signatory
 States shall be entitled to de-
 nounce the protocol and a confer-
 ence of the States concerned shall
 be immediately held to consider
 further action.

The second protocol deals with
 dangerous drugs, their limitation
 and control, the production and
 distribution of raw opium in
 order to prevent opium smug-
 gling, and the necessary measures
 to ensure complete execution of
 the foregoing obligation within
 five years after which the com-
 mission appointed by the League
 of Nations shall decide whether
 the obligation has been completely
 executed.

A Geneva message of
 February 1 stated:—At a meet-
 ing of the Committee of sixteen
 members of the first and second
 Opium Conferences, the Dutch
 delegate declared that the Nether-
 lands had carried out its obliga-
 tions under the Hague Conven-
 tion, and could not extend restric-
 tion until illicit opium traffic was
 stemmed. The text of the two
 draft protocols, distributed to the
 first and second conventions, is
 based on the French and British
 suggestions of policy relating to
 the use of prepared opium and
 the dangerous drugs proposals,
 and meet the American views half
 way. Mr. Porter, the American
 delegate, did not speak to-day as
 expected, but asked for an
 adjournment until February 3,
 which was agreed to.

THAT COLD SNAP.

RECORD FOR EIGHT YEARS EQUALLED.

The combined sun and cutting
 wind have left the week end
 golfers most ruddy of countenance.
 They may try to make out at the
 office this morning that it is not
 "really" cold and that anybody
 who feels chilly must have been
 sitting over the fire all the week-
 end but although figures in the
 financial world may be made to
 prove almost anything, in the
 meteorological world they bear one
 interpretation only.

The temperature at 7.20 a.m. on
 Saturday was the lowest for five
 years, but even lower was that at
 5.50 a.m. yesterday when 39.8 was
 recorded. The temperature during
 the day, too, is much below the
 average for the time of year. Mr.
 T. F. Claxton, director of the Royal
 Observatory, told a "China Mail"
 reporter this morning.
 Such a low temperature as 39.8
 has not been recorded for eight
 years when, curiously enough, it
 was exactly the same (on January
 9, 1917).

Yesterday morning ice was
 found on a tin, which had been
 been left outside the house of Sir
 Claud Severn (Colonial Secretary)
 at the Peak.

The German Shipping Year Book
 for 1924 states that Germany now
 holds fifth place in the world for
 tonnage.

UPROAR IN DUBLIN.

DEMONSTRATION IN COLLEGE GREEN.

EXCITING SCENES.

COSGRAVE'S VIGOROUS SPEECH.

(Reuter's Service.)

Dublin, February 1.
 Mr. W. T. Cosgrave's first
 public appearance since his return
 from his holiday in France was
 attended by a considerable dis-
 turbance on the occasion of a big
 demonstration in College Green in
 support of the Government candi-
 dates at the by-elections to the
 Dail caused by the resignation of
 members of the National group.
 The President was received
 with cheers and cat calls and an
 immense crowd of men and
 women kept up cries of "Up with
 the Republic" and "Up with De
 Valera."

Mr. Cosgrave, in a vigorous
 speech, retorted: "The people
 won't be saved by stretching out
 their hands for the moon and
 doing nothing until they get it."
 Over 200 police were kept
 extremely busy preserving order.
 Exciting incidents occurred
 when interrupters were ejected
 and three of them were arrested,
 whom the crowd tried to release.
 The meeting broke up into free
 fights.

HARBOUR RESCUES.

CHINESE COXSAIN SAVES TEN LIVES.

AN AWARD "FOR VALOUR."

Near Green Island on Friday
 morning, a Chinese launch
 coxswain, disregarding the strong
 current and the biting cold, dived
 into the harbour with a rope and
 was instrumental in saving ten
 lives.

A trading junk was on its
 way here from Aberdeen. Near
 Sulphur Channel, a strong blast
 caught it unawares and it capsized,
 throwing six men, a boy, and three
 women into the water.

A sampan was lowered from a
 trawler, which was sailing in com-
 pany, but the boldest ones pre-
 vented the sampan getting along-
 side the capsized junk. The trawler
 itself was buffeted about and failed
 to effect a rescue.

After the distressed sailors had
 almost given up hope as their
 limbs had become numb in the
 piercing cold water, the steam-
 launch "Lee Hing" came up, 45
 minutes after the accident. A
 rope was thrown to the capsized
 junk, but the crew's fingers
 were too stiff to hold it.
 Further ropes were thrown with
 similar result and the coxswain,
 Chan Yauchoy, thereupon dived in.
 He swam with a rope to the
 capsized junk, connected up, and,
 with the assistance of his crew,
 rescued all ten.

"For Valour."

Suitable reward was meted out
 this morning to a Chinese
 Government servant who, at
 considerable risk, gallantly saved
 a girl early on the morning of
 January 22.

The hero was Leung Shu, sea-
 man of Harbour Department
 Launch No. 1 who was pre-
 sented with a sum of \$25 by
 the Harbour Master, Lieut-
 Commander G. F. Hole, R.N., on
 behalf of the Government.

Near the entrance to the Yauma-
 ti typhoon shelter, a sam-
 pan had capsized. The H.D.I.
 picked up two women, two
 boys, and a girl when it
 was reported that another girl
 was missing. These rescued in-
 dicated the spot where the missing
 girl was last seen, and Leung Shu
 dived in for her. Thanks to his
 plucky effort, the girl's life was
 saved.

WHAT HO!

Oh, and there was the story of
 the two fl pun notes that met goin'
 over the bank counter. One was
 torn and dirty, the other was new
 and clean, though they were issued
 on the same date. "I've been
 through the hands of the butcher,
 the baker and the candlestick
 maker," said the torn one. "How
 have you managed to keep so
 clean?" "Oh I've been on tour
 with Harry Lauder," was the reply.
 Well, good-day to ye all! I'll soon
 be in Hongkong the noo. It'll be
 a guid show. And there will be
 no free passes!

—HARRY LAUDER.

A cable has been received to-
 day stating that Sir Harry Lauder
 will arrive by the s.s. "Takliwa"
 on February 10, and will com-
 mence his short season here the
 same day.

STAR FERRIES.

INCREASED TRAFFIC LAST YEAR.

TWO NEW BOATS COMING.

INCREASE IN THE COMPANY'S CAPITAL APPROVED.

The continued increase in the volume of traffic was referred to at this morning's annual meeting of the Star Ferry Co., Ltd., and the Chairman indicated that the construction of more boats, similar to those which have recently been put on the run, would be necessary.

Mr. B. D. F. Beith presided and there were also present—Sir Paul Chater and Mr. G. G. Mackie; Mr. W. E. L. Shenton, solicitor; Mr. W. E. Brown, secretary and the following shareholders:—Rev. Father Robert, Messrs L. S. Greenhill, J. T. Bagram, Felix M. Ellis, J. Hooper, J. Hyde, A. A. Alves, W. J. Carroll, J. P. Braga, M. J. Cox, E. H. Neave, S. F. Reid, E. Sadick, A. J. Edgar, O. E. Ribeiro, A. H. M. da Silva, F. H. Crapnell, Chou Poon-kin, Chan Yat-lung, Kong E. Sun.

The Chairman's address was as follows:—
With your permission, I propose as usual to take the report and accounts as read. You will observe that the period covered is only eight months, i.e., from May 1, to December 31, 1924, the reason being that your Directors consider it advisable to close the books on December 31, instead of April 30, as hitherto, in order to bring the end of our financial year more in line with other companies.

The profit on working for the period under review shows a satisfactory increase in proportion to the same period for the previous year, the balance available for appropriation including \$37,252.71 brought forward from last year being \$311,415.08 and your Directors recommend dealing with this amount as follows:—

To pay a dividend of \$1.50 per share; to pay bonus of \$1.00 per share and carry forward to new account \$211,415.08. Of this latter amount, as mentioned by me at our extraordinary meeting of January 14, \$20,000 has been transferred to Reserve Fund for the purpose which I then explained.

With regard to our fleet, the two new boats referred to by me at our last annual meeting were completed after considerable unavoidable delay and have been in commission since the beginning of the current year. They are proving satisfactory in every way from the passengers' point of view, but being more commodious and more powerful than the older boats, are more expensive to operate. They are, however, necessary to cope with the larger numbers travelling on our ferries, and the continued increase in the volume of traffic renders imperative the construction of further boats and we are therefore considering plans for two more boats of approximately the same capacity as the Golden Star and Meridian Star.

The Chairman proposed and the Rev. Father Robert seconded the adoption of the report and accounts. Carried.

The appointment of Mr. B. D. F. Beith, as a Director, was confirmed, being proposed by Mr. Bagram and seconded by Mr. Alves.

The re-election of the retiring Director, Mr. C. Gordon Mackie, was then proposed by Mr. Greenhill and seconded by Mr. Neave.

Mr. C. Bernard Brown, A. C. A. was re-elected Auditor, being proposed by Mr. Carroll and seconded by Mr. Hyde.

The Chairman concluded by remarking that dividend warrants could be obtained on application on and after to-morrow.

The extraordinary meeting was then held and after the Secretary had read the notice convening that meeting, the Chairman said:—The object of this meeting is for the purpose of receiving a report of the proceedings at the first extraordinary general meeting held on January 14, 1925, and of confirming, if thought fit, as a special resolution the resolution which was passed at such first meeting. That resolution, as you will remember, concerned the insertion in the Articles of Association of a new Article respecting the capitalisation of profits, and, at the before-mentioned first meeting, I shortly explained the necessity for it. I do not, therefore, consider it necessary to deal further therewith, except to add that at the meeting in question the new Article was unanimously passed as an extraordinary resolution. In order to comply with the Companies Ordinance, it is necessary that such resolution shall be confirmed as a special resolution. The Chairman then proposed the confirmation of the resolution which was passed at the first meeting, and after the Secretary had read the notice convening the meeting, the Chairman said:—

This meeting is for the purpose of considering and, if thought fit, passing ordinary resolutions in creating the Company's capital

SPEED TRIALS.

ANHUI FULFILLS ALL REQUIREMENTS.

A SPLENDID VESSEL.

On Saturday the China Navigation Co.'s new steamer "Anhui" underwent her official speed trials steaming out of the harbour through Sulphur Channel. She has been built by the Tai Koo Dock and Engineering Co.

Over a measured mile, she did 13 knots; the contracted speed laid down. After the trial the "Anhui" went round the island with a distinguished company on board to tiffin.

Those present included Mr. James Reid (Manager, Tai Koo Dockyard), Mr. N. S. Brown, (Messrs. Butterfield and Swire), Sir Edward Pearce, Mr. J. H. Ferguson, (Chartered Bank), Captain W. E. Clark, Mr. R. H. Wade, (Commissioner Chinese Maritime Customs), Captain Halley, (Empress of Australia), Professor Brown (Hongkong University), Mr. G. J. Harman, Mr. A. K. Henderson, Captain Thomas, Chau Yu teng, Mr. W. J. Hill, Mr. H. C. Resker, Mr. W. G. Goggin and Mr. F. W. James.

The "Anhui" was launched on October 2, at Tai Koo Dockyard, and is the nineteenth vessel built for Messrs. Butterfield and Swire by this establishment, representing the best possible type of ship for the China Coast trade.

The "Anhui" is of the awning deck type, has an overall length of 350 feet, a beam of 40 feet and 34 feet depth to awning deck, built to scantlings approved by the British Corporation on the deep framed system, with a cellular double bottom all fore and aft, three complete decks, and four cargo holds. She is the largest ship of the fleet and is of 3,500 tons. A large steel deckhouse amidship has accommodation for 20 first-class passengers with a saloon at the fore end. On the promenade deck are staterooms and a saloon for eight saloon passengers. The dining saloon has been designed and paneled in dark hardwood, which, with pleasing upholstery, will make a very neat and harmonious room. The officers and engineers are accommodated in rooms abaft the passengers' staterooms. On the boat deck in a steel house are the captain's room with chart room forward. At the after end of boat deck is a steel house for the wireless operator and a room for the officers' recreation, combining a smoke room and music room for their use.

There are 10 steam winches and 10 derricks arranged for two, five and ten ton lifts, while provision has been made for a thirty ton derrick. Electric light is fitted throughout the vessel and a plentiful supply of fans. Eight lifeboats are housed on the boat deck, the davits being fitted with Turnbull's patent turning out gear.

This vessel, which is of a new design for the C. N. Co., is sure to prove attractive for the deck passenger trade as the upper deck has large opening ventilating ports at the ship's side extending the whole distance of passenger space.

The machinery consists of one set of geared turbines of the Brown Curtis type, supplied with superheated steam from three multi-tubular marine boilers having a working pressure of 200 lb per square inch. Turbines and boilers have been constructed by the Tai Koo Dockyard.

The "Anhui" will be employed on the run between Hongkong, Swatow, Amoy and Singapore and will make her maiden trip to Swatow from Hongkong on February 7, under the command of Captain Pennefather, the senior officer of the fleet. Mr. H. George is the Chief Engineer.

A KOWLOON FIRE.

Shortly before midnight last night, the Kowloon Fire Station received a call from the direction of Yau-mat.

Two engines were sent to that part of Waterloo Road to attend a minor outbreak in a coal yard. The Brigade's efforts were quite successful and only a small quantity of coal was damaged.

To \$1,000,000, the capitalisation of \$400,000, standing to the credit of the Reserve Fund, and the issue of bonus shares. At the extraordinary general meeting held on January 14, I explained the reasons why your Directors thought it essential to bring forward these ordinary resolutions. I do not think there is anything further which I need say respecting them, but if any shareholder would like to ask any questions or seek any explanation, I shall be pleased to endeavour to answer such questions and give such explanations to the best of my ability.

There were no questions, and the Chairman proposed the resolutions. These were seconded by Father Robert and were carried unanimously, this concluding the business of the meeting.

Surreys:—Douglas, Cooper, Jordan, Histed, Mitchell, Bristow, Cornwell, Charlesworth, Hummerstone, Butler and Macklesworth.
China "B":—Hui Shing-u; Ng Pak-chun, Lo Wal-man; Tsang Leung, Pang, Wah Hing, Tang Shu-hung, Wong Mee-shun, Tsai Pong-pan, Chan, Lu-kwong, Fung King-cheong.

The game was of a very poor order, the Surreys simply overwhelming their opponents and it was only the goalkeeper that prevented a very heavy score in the first half. Butler opened with a nice drive from about twenty yards out, and just before half time Hummerstone was badly brought down in the penalty area when going through, he took the spot kick himself and made no mistake. Half time score Surreys 2, China "B" 0.

The second half was a repetition of the early play, the Soldiers simply bombarding the Chinese goal. Hummerstone was prominent in this half for doing the "hat trick" by scoring three more goals; the first one came from a nice pass from Bristow, the shot being taken from twenty yards out, Macklesworth sent over a nice centre for Hummerstone to add, and later the latter player sent in a "daisy cutter" that the goalie could not see. The Chinese only paid one visit to their opponents goal in this half, and then Tsai Ping-fan missed an open goal.

Result: Surreys 5, China "B" 0.

Kowloon v. South China "A".

Neither South China nor Kowloon were at full strength on Saturday afternoon the former being three of their players short which included Lau in goal and Chan So, while Kowloon were short McKelvie, Knight and Beach, Duncan having to fall back into goal, while they had to draw on two players who had already had a game to complete the eleven. This put matters fairly even and a good match was anticipated with a win for the China eleven; however it was Kowloon's day in on Saturday and after a hard struggle with a lot of good play by the defence they managed to come out the victors by the odd goal in three.

South China commenced by pressing hard and before Kowloon had found their feet were all around the home goal and looked like scoring, and for the first five minutes the defence had all their work cut out to keep the ball from going through, still they managed to and at last Reid passed up to Hayes and got him going down the wing, which saved the time. Hayes made a nice run but ended weakly. The China backs gained possession failed to clear the ball going to Pasco who shot the ball going behind Latham then got going and tested Yik with a nice shot but found him safe, the ball being cleared. Shortly after McBride put in a nice shot but Yik again cleared. Pasco handled near his own goal and S. China were awarded a free kick, but they sent the ball behind.

Y. Kao then looked as if he was going to open the score beating both backs he shot but the ball sailed over the bar. South China still pressing looked as if they would be the first to score beating Duncan with a nice shot it looked like a certain goal but Reid ran back and cleared the ball right from the goalmouth. South China still continued pressing but Lai spoilt a nice forward movement by sending behind.

Kowloon then got going but were stopped by Lam Yik Yin fouling; a free kick was given, Pasco shot straight for the goal mouth, Yik seemed to save the ball which slipped through his hands into the goal putting Kowloon one in the lead. South China then tried to equalise but Duncan was safe and cleared. South China then forced a corner, but sent behind from the kick. Half time arrived with no further score.

Kowloon.....1 South China.....0

The second half started with Kowloon making the pace and looked dangerous but Turner spoilt matters by fouling; still pressing however they forced a corner. Clemo put in a lovely centre from same but all the Kowloon forwards missed the opportunity. South China clearing. Kowloon attacked

goal of the South China halves handled. Caville made a nice shot at goal but the goalie cleared. South China then made up their minds to draw level and pressed hard but Duncan was very sound. Latham then got going beating the back he sent in a nice shot at goal but Yik cleared. Hayes then obtained possession and had a fine opening to score but sent behind. Pasco obtained possession and passed well up in front of the forwards. McBride ran forward, and scored with a lovely shot which quite beat Yik. Kowloon still pressing looked like adding a third goal Latham putting in a nice shot but the goalie cleared. South China then got going Pang putting in a lovely shot which however hit the top of the crossbar. Kowloon then got going again. Hayes putting across a nice centre. Clemo ran in trying to score but hit the side of the net. Kowloon forced a corner but Clemo sent behind. Hayes then got going and put in a nice shot but the goalie again cleared. Clemo obtained the ball and had a lovely chance to score but sent wide. South China at last found their feet and started with some of their usual dash. Ip Koo going down and scoring, pleasing the Chinese spectators of which there was a large crowd. South China still kept pressing and looked as if they were going to draw level but Kowloon managed to keep them out till the whistle blew for time.

Line up. Kowloon.—A. Duncan, F. Wheeler, F. Reid, A. W. Turner, C. Caville, B. Pasco, F. Clemo, A. Latham, J. McBride, S. Randle and S. G. Hayes.
South China.—Yik Chan-ping, Lai Yik-fat, Yu Wing-chai, Keok Ping-kan, Wang Sui-wai, Lam Yik-ping, Cheng Kwong-yiu, Li Wang-fong, Ip Koo, Shun Kam-shun and Pang Kam-wing.

2ND DIVISION.

Kowloon 2nd v. St. Joseph's "B".

The Kowloon Reserves were at home to St. Joseph's B team on Saturday afternoon. St. Joseph's were unfortunate in only one of their players turning out, and Kowloon although playing poorly had no difficulty in winning by three goals to one.

St. Joseph's started by pressing and for the first five minutes of the game the Kowloon goal looked in danger and had some very narrow escapes, but with a certain amount of luck the defence managed to keep St. Joseph's from scoring. Kowloon then got going and Latham going down put in a nice low shot but Lim was very sound and cleared. Kowloon still continued to press and it was not long before their efforts were awarded, from a nice centre Millard passed to Fitz-Gerald who netted, with a shot that gave the goalie no chance, thus giving Kowloon the lead. St. Joseph's then got going and from a scramble in front of the goal, Omar scored, making things level once more. Kowloon continued pressing after this, and should have been at least two more up, but bad shooting in front of the goal kept their score down and at half time the score was still level.

The second half St. Joseph's were playing against the wind and the nine men began to tell, Kowloon having the majority of the play. Pressing hard Kowloon forced three corners in quick succession, but obtained no advantage from any of them. Kowloon at this period were still shooting weakly and the game looked as if it might yet run out a draw, however this was not to be and after quarter of an hour's play from a scrimmage which ensued in front of the goal Millard scored. This put life into the Kowloon forwards and going straight down from the centre kick they once more netted. Kowloon still kept up the pace, Fitz-Gerald put in a nice shot but Lim saved. Millard then tried to get another but the goalie again saved but was unable to clear. Morris obtained possession put in a stinger but Lim gave a corner. Shortly after the whistle blew for time, leaving Kowloon the victors.

Comment.

St. Joseph's were unfortunate in not turning out a full team but put up a very good fight against Kowloon, who did not play their usual game, their shooting especially in the first half and first half of the second half being very poor. For the winners the outstanding player was Fitz-Gerald, while for the losers Lim in goal put up a very fine show and St. Joseph's "B" have to thank him for the score being so low.

Kowloon.—C. Stewart, W. Parrott, B. Rasmussen, A. W. Brown, (Capt.) W. H. Brown, S. Randle, C. Morris, A. Latham, C. Millard, A. Fitz-Gerald, V. Hast, St. Joseph's "B" H. Lim, J. Pow, J. Souza, J. Delgado, Y. MacLums, C. Figueiredo, K. M. Omar, G. Lim, P. Lee.

Club Res. v. China "A".

On the Club ground the home team did well to play their opponents to a draw, for the Chinese had much the better of exchanges and only had shooting spoilt them from obtaining the two points.

Result: Club Res. 1, China "A" 1.

Recreo "A" v. Sacred Heart.

On the Navy "A" ground the Recreco team proved too strong for the Sacred Heart beating them by four goals to none. Gosano scored twice in the first half, and again in the second half, Feurtas added the other.

Drums v. University.

The Drums had an easy victory over the University, the latter team were not at full strength, being compelled to pick up substitutes from the line. Result Drums 5, University 0.

SHIELD COMPETITION.

Surreys Res. v. St. Josephs.

Playing at Sookumpoo in the Junior Shield Competition the Surreys qualified for the next round by beating the College by two goals to none. The inside right of the Regimental team scored toward the latter end of the first half, and about ten minutes after the resumption the inside left added another. The College have only themselves to blame for losing for they had quite as much of the game as their opponents and should have scored on at least four separate occasions from very easy things, but hesitation spoilt them. The Senior Division game Club v. R.A. was postponed early in the day as the Soldiers were unable to raise a team. The Police-Tamar match was scratched at 1 p.m. for the same reason and the Tamar conceded the points to their opponents.

RUGBY FOOTBALL.

SATURDAY'S TRIAL GAME.

On Saturday afternoon a trial match for the purpose of selecting a team to play in the Cup match against the Navy on Saturday next, was played at Happy Valley, when the Hongkong Rugby Club members were divided into teams of Colours and Whites.

The teams were: Colours:—Prowse; Easterbrook; Stewart; Banner and Burns; Vox and Summers; Forsyth; Beveridge; Garrod; Lyon; Hendle; Russell and Johnson.

Whites:—Gawler; Skinner, Foster, O'Neil and Summerfield; Milne and Morrison; Jordan, Cleland, Burns, Moncrieff, Mackintosh; Murphy, Clerk and Lee.

Immediately after the kick-off, the Colours pressed into the opposing twenty-five. Stewart registered a splendid try between the posts, which he converted. Stewart started another movement which ended in Easterbrook going through and scoring between the posts. Stewart again converted. Before the interval, Hendle scored, but Stewart failed to convert.

Half-time Colours, 2 goals, 1 try (13 points); Whites, nil. In the second half the Whites showed considerable improvement, and managed to take the play into the Colours' terrain. Stewart broke away, and although tackled by three men, made a splendid run, and scored another try, which he converted.

The Whites retallated, and but for bad handling by their three-quarters would have scored two or three tries. Just before the close Skinner (Whites) after a fine run, scored. This try was unconverted.

Result:—Colours, 8 goals, 1 try (18 points). Whites,.....1 try (3 points).

With a feeling of pardonable pride, THE CHINA MAIL and SUNDAY HERALD announce in their Popularity Campaign, the most lavish distribution of motor cars and other prizes in the newspaper history of South China. These gifts of beauty and worth will be given with a free hand to the public of this Colony.

A unique opportunity is thrown wide open, without restrictions of any sort, except character, to the residents of Hongkong and vicinity, in return for a little sincere effort on their part.

Success in claiming one of these beautiful, high-class motor cars, the piano or any of the other prizes is held by one small word—**AMBITION**. This virtue has brought success, honour, and profit to other persons in similar enterprises. **THIS IS YOUR opportunity.** Don't overlook it this time. Don't wait. There may never be a "To-morrow" or "Next Time." **Act NOW.**

TWO bright, expensive cars, a piano and many other valuable prizes such as a Radio Set, Phonographs, Cameras, Gold Watches, etc., etc., complete the attractive list of gifts.

Any person residing within the circulation territory of THE CHINA MAIL and SUNDAY HERALD can share in this splendid gift distribution by entering as a member in the great popularity campaign. Votes, which alone will decide the winners, are obtained by clipping the free coupons from each issue of the paper and by having your interested friends subscribe to this paper.

Once entered, a candidate proceeds to the interesting and delightful task of gathering votes, and this merry task brings a zest and pleasure that only strong and fair competition can bring, as he goes on his way—progressing, planning and advancing his cause.

THIS CAMPAIGN IS MOST LIBERAL IN ALL ITS PROVISIONS. IT IS NOT EVEN NECESSARY THAT THE ENTRANT BE A SUBSCRIBER TO THE CHINA MAIL OR SUNDAY HERALD. ON THE OTHER HAND—IT COSTS NOT A CENT TO ENTER AND COMPETE FOR THE PRIZES, NEITHER NOW NOR AT ANY LATER DATE. ALL GIFTS ARE FREE. TO GATHER VOTES IS THE ONLY REQUIREMENT FOR SUCCESS.

THE CAMPAIGN WILL COVER THE PERIOD FROM FEBRUARY 7th TO APRIL 4th, 1925, inclusive, and EVERY ENTRANT HAS AN EQUAL CHANCE WITH EVERY OTHER ENTRANT. THE REWARD WILL BE ON THE BASIS OF MERIT—ACCORDING TO EFFORT PUT FORTH.

PLAN FOR SUCCESS—YOU'LL WIN.

The old saying "Rome wasn't built in a day" is but another way of emphasizing the fact that you cannot climb the ladder of success in any undertaking in a few days' time, but in this day and age we find almost daily examples of the success that crowns a careful planning, consistently followed out. That is the secret of success in this great enterprise—a good plan—carefully followed out. Select your plan to-day and follow it through—it means VICTORY.

It makes no difference where a Contestant lives or where subscriptions are secured. It does not cost one cent to enter the race and win a prize. A member does not even need to be a subscriber to the paper.

All that is necessary to win one of the beautiful prizes is a desire for the prize, and the honour of winning it, and a willingness to devote a little time to calling on your friends and getting them to help you.

At the close of the Campaign the votes will be counted by judges appointed by the members themselves. Each member is requested to select some prominent person to act as a judge. The judges so appointed will take charge of the ballot box and carry it to a public place where the votes will be counted and the prizes awarded in full view of the public.

With a little effort and a few minutes' work each day one of these beautiful prizes may be yours. Take advantage of every special credit offer. Watch the stories that are published each day, as they will take up many interesting points regarding the Campaign.

Any questions or controversies that may arise are to be settled by the Campaign Manager and his decision shall be final and conclusive.

In accepting entry, members agree to abide by the conditions named. The Campaign Manager reserves the right to make any changes in the conditions necessary in the interests of the campaign and contestants, other than to reduce the number of prizes and the manner in which they are to be given.

The Institution of Engineers and Shipbuilders is holding its annual ball at the City Hall on Friday 10.

Madame du Cortial has kindly consented to distribute the prizes at the French Convent School on Friday next at 4.30 p.m.

The "Inauguration meeting of the Union of Women Workers employed in the Telephone Administration" was held at the Kwungtung Provincial Educational Association building at Canton on Thursday, says the "Canton Gazette." The ceremony was presided over by Mr. Tam Chik-shan and was attended by more than three thousand persons.

Students of the Canton College of Agriculture, who are about to graduate, will be sent to various places to make practical observations. Some of them will leave for Annam, while others are going to Manchuria. Their travelling expenses will be provided by the magistrates of the respective districts to which the students belong.

Seven secretaries and attachés appointed as a staff to Gen. Hsu Shou-tsung (Little Hsu), High Industrial Commissioner, to Europe and America, and Chinese delegate to the Geneva Opium Conference, have left Peking for Europe, via Siberia. Tam has given them an autographed letter as well as \$80,000 for expenses.

A number of the merchants and residents of Fatsan city recently formed a union to oppose the construction of the railways planned by the Canton Government. A meeting was held a few days ago which was attended by hundreds of shopmen. The leaders threaten to strike if their request to stop the construction of the roads is not complied with.

A certain steam launch, moored near Wongsan, having been commandeered by the third Division of the Yunnanese Forces, was suddenly raided and removed by a number of Portuguese marines, acting, it is alleged, on behalf of the Chinese owner of the vessel, says Saturday's "Canton Gazette." The military officers concerned, upon receipt of information, despatched troops to attack the raiders. Fighting ensued, and, passing by on hearing rifle-shot, ran off in alarm; the shops near by closing at once. The fighting continued until the Portuguese escaped with the captive boat under its own steam.

Last summer Japan had a sleeping sickness scare. There were a number of victims in central and western Japan, but the disease was stamped out in time. Today the hospital attached to the Okayama Medical College has one boy of eleven and two middle aged women suffering from the laughing malady. They laugh all the time; it is impossible to stop them; and finally they go into violent extreme yawning their arms and dancing themselves into exhaustion, all the while emitting wild peals of laughter. Dr. Okuma of the hospital is of the opinion that it is due to some injury to the outer main channel of the nerve system, but he cannot state whether or not the malady is contagious, is hereditary, or is fatal.

HOW THE CLUBS FARED ON SATURDAY.

FEATURES AT A GLANCE.

Five First Division matches were played, the victors being Craigengower C.C. over the Hongkong Cricket Club "A" team by four wickets; the Civil Service C.C. over the Royal Navy by two wickets; the Indian Recreation Club over the Kowloon Cricket Club by 120 runs; the Hongkong Club "B" team, over the C.R.C. by two wickets; and the University over the Royal Artillery by 108 runs.

In the Second Division, Hongkong C.C. defeated the Kowloon C.C. by 59 runs; and the match between the University and the Royal Navy ended in a draw owing to the call by time.

A friendly match between the Civil Service C.C. and the Royal Engineers resulted in a win for the former by four wickets.

Some of the bowling performances were more than usually meritorious, as the details of the respective matches will show.

LEAGUE MATCHES.

Division I.

C.C.C. v. H.K.C.C. "A."

In a First Division League game on the Craigengower C.C. ground the home side scored a victory by four wickets, thanks to a good display by two of their representatives.

Batting first the visitors made 112 for nine wickets, one of the players being absent. There were only two batsmen to really worry the bowlers, and one of them was Humphreys, who in scoring 52 made some big hits, one of them going over the screen to the Police ground and another dropping on the roof of the C.C.C. Club house. Pearce unfortunately tripped a ball to slip and had to retire with only two runs to his credit.

The C.C.C. started disastrously, the total for three wickets standing at only 11 runs. A partnership between Fritz and Bradbury, however, brought the score to 108 before the "former" was held by the custodian in a high catch behind the wickets. Fritz played a dashing game for his 58 runs which included thirteen fours. Bradbury (43) also "hit well and the wicket-keeper was responsible for his return to the pavilion.

Home Team Defeated.

The Chinese, playing at home, suffered defeat at the hands of the H.K.C.C. "B." Some very bright cricket was witnessed from both sides and some heavy scoring registered.

The home team took first knock and lost their first wicket at seven. The partnership of Ng Sze-kwong and Choa yielded 106 runs. The latter was run out after scoring 81. Ng Sze-kwong played a chanceless innings and his score of 86 included eleven fours. The innings was declared when the score had reached 151.

The Club opened well, losing their second wicket only after 110 runs had been reached. More scored all round the wicket and in his innings of 70 knocked twelve fours, four of which were hit off W. Hung in the same over. The visitors, encouraged with the excellent start, experienced no difficulty in scoring the necessary runs. When stumps were drawn their total stood at 173 for eight wickets.

Ching bowled exceptionally well and was not changed. In 15 overs he captured six of the eight wickets for only 48 runs.

C.S.C.C. v. NAVY.

Playing on the Civil Service C.C. ground, the home team scored a victory over the Royal Navy in a First Division League match. Reed and Evans, especially the former, were deadly with the ball and disposed of the visitors for 75 runs.

The C.S.C.C. had no difficulty in making more than twice their opponents' score for eight wickets, two of their representatives (Baker and Fincher) retiring with 55 and 53 runs respectively.

KOWLOON C.C. v. L.R.C.

Home Team Defeated.

The Kowloon Cricket Club were at home to the Indian Recreation Club, but shaped surprisingly poorly, being all out for the small total of 47 runs, to which the Indians responded with 167, thus winning by 120 runs.

For the ground side J. C. Lyl was on his own in securing double figures (13). The batsmen found it difficult to negotiate the bowling of Bhoora, who took five wickets for 28 runs, and A. el Arculli, who took four wickets for 11 runs.

On the Indians going in they easily passed the home score before three wickets had fallen, thanks to the fine display of A. H. Rumjahn, who contributed 81 runs before he was stumped by Jax off a ball from Goodwin. Others to make double figures were S. H. Ismail (27) and F. M. el Arculli (13). On the bowling side Goodwin took eight wickets for 45 runs—a meritorious effort indeed—and Lyl one wicket for 25 runs.

UNIVERSITY v. R.A.

In a First Division league match on the University ground, the home team easily defeated the Royal Artillery.

Batting first, the University scored 177 runs. Rev. E. K. Quick was in great form and was responsible for a half century. B. P. Ng was none the less troublesome to the attacking party, and his dismissal when he had scored 51 runs brought some relief.

Two others in the team made contributions of 25 and 26. The visitors were all dismissed for 69 runs. Balchatchet had the remarkable average of five wickets for eleven runs.

Division II.

H.K. C.C. v. K.C.C.

On the Club ground, the Kowloon C.C. juniors were opposed to the home side in a Second Division League contest, and retired beaten.

The H.K. C.C. declared at 4.15 p.m. with 169 runs for 8 wickets. Jacks (60) and Smith (45) gave a good account of themselves. The former scored eight boundaries and the latter five and a sixer.

The visitors, who were minus one of their players, were all dismissed for 90 runs. Griffin took three wickets for fifteen runs, Howell two for seven, and Smith two for ten.

NAVY v. UNIVERSITY.

Ends in a Draw.

On their own ground the Navy were opposed to the University C.C. in a Second Division league game. The match ended in a draw owing to call of time. The visitors had only five runs to make towards victory, when stumps were drawn, and with two wickets in hand they should have scored the requisite number given a little more time.

10-YEAR-OLD BOY ARTIST.

DUNCAN CAMPBELL.

Duncan Campbell, ten years old, has been awarded two gold medals for an original painting submitted in a contest in which more than 8,000 children participated. The Campbell boy's painting was a five-foot canvas of a life-size tiger. Art experts and critics say the boy showed mature deftness in his handling of the theme and "splashed colour into the canvas with a bold hand, as if by a master." They believe he will attain high rank in the world of art within a decade.

"Mystery Girl."

"MYSTERY GIRL."

"Charlotte," girl of mystery, continues to puzzle alienists, who for six weeks have tried every artifice at their command to restore to her the memory lost when she was stricken suddenly with amnesia. The only mark of identification in possession of the authorities is a school book with the initials E. H. S. on one cover and the words Sigmund on a flyleaf. The girl is about eighteen years old and is known only as "Charlotte."

CLAIM FOR \$50,000,000 LAND.

MARY CANAVAN.

Production of a certificate purporting to show that Mary Collins Canavan, now the wife of Miles Canavan, wealthy horse trader, married and divorced Captain George Wellington Streeter has given focus of Streeter's widow a weapon with which to fight her claim to ownership of 200 acres of land in Chicago's "gold coast," which Streeter had held since the days of pre-emption, when it was deemed valueless, and which now is valued, conservatively, at \$50,000,000. These foes of the woman, whom the world had recognized as Streeter's wife, assert now that she has no claim to his property.

MARRIED AGAIN.

RALPH OBENCHAIN & MADELYNNE OBENCHAIN.

Ralph Obenchain, "the man in a million," has married again, despite his harrowing first experience. His bride is pretty Mabel Schmitz. When a young lawyer, Obenchain wooed and won Madelynne Connor, who was later divorced. Then Mrs. Obenchain was arrested for alleged complicity in the killing of J. Edgar Kennedy, a wealthy admirer. She was freed after a sensational trial; thanks to the money and counsel of her ex-husband, to whom she referred afterward as "a man in a million."

Primitive Skull.

WILLIAM J. BRYAN & LUTHER BURBANK.

Taking issue with William Jennings Bryan, his friend, on the latter's opposition to the theory of evolution, Luther Burbank, world-famous plant scientist, said during an address: "Mr. Bryan is an honored friend of mine, yet this need not prevent the observation that the skull with which Nature endowed him visibly approaches the Neanderthal type."

RATTLING ARMS. GERMAN REPLY TO FRENCH PREMIER. CO-OPERATION PROMISED.

BERLIN, January 31.
In a statement to foreign journalists, Herr Luther replied to M. Herriot's accusations of January 28. He emphasised that even if slight infringements of the Treaty of Versailles were discovered they were of no importance compared with the gigantic extent of Germany's actual disarmament. He declared that the Government was determined to eliminate offences against disarmament and pointed out the necessity of having a police force capable of dealing promptly and adequately with the Communist danger.
He declared that it was absurd to talk about Germany rattling arms when she was without artillery, tanks and airmen and fortresses were either razed or were obsolete. He doubted whether M. Herriot's idea of a world convention was at present practicable, and emphasised that international conciliation was impossible if one nation was branded as criminal toward humanity and the world was not convinced of the falsehood thereof.
He concluded by denying the possibility of the German Government's reactionary policy and promised that Germany would co-operate in the establishment of guarantees for the security and freedom of nations.

LONDON, January 31.
Speaking at Birmingham, Mr. Austen Chamberlain alluded to the recent exchange of notes with Germany regarding the occupation of Cologne and regretted the tone and temper of Herr Luther's speech last night, but declared, "I am not going to enter into a controversy conducted on that method. I am content to take note of one sentence of the speech, that the German Government is absolutely determined to make good any failures to disarm."
He emphasised that the Allies on their side were determined scrupulously to "fulfil the Treaty obligations."—Reuter.

GREECE INCENSED. PATRIARCH EXPELLED BY TURKEY.

LONDON, January 31.
A delicate Greco-Turkish situation has been created by the action of the Turkish Government in giving no warning of expelling the Greek Patriarch, ostensibly "under the convention relating to the exchange of Turkey-Greek subjects."
A message from Athens says that the country is incensed at the expulsion, which is described as a violation of the Lausanne Treaty.
A protest is being made to all friendly countries, and an urgent Cabinet meeting last night necessitated the cancellation of a banquet which the Government had arranged to give the Diplomatic Corps.
It is learned that the Greek Government has decided to protest strongly to the Turkish Government regarding the expulsion of the Greek Patriarch and propose to refer the matter to The Hague Court of Justice.

Athens, February 1.
The Archbishop of Athens has circulated a protest to the heads of all Christian Churches in Europe and America against the expulsion of the Patriarch.
The Government has decided to retain in the Colours the 1923 conscripts whose disarmament was previously ordered.—Reuter.

GRATITUDE THEN MONEY! AMERICA'S ATTITUDE TO FRANCE.

Washington, January 31.
On the occasion of the official presentation of credentials, Mr. Dueschner, the new French Ambassador, declared, inter alia, that the Franco-American wartime co-operation should be extended to payment of material debts as well as debts of gratitude.
President Coolidge, in replying, declared that the United States had discharged the debt gratitude she owed to France for her help in the American revolution by the participation of American troops in the World War. He stated that both Governments should experience deep satisfaction in the solicitude that material debts should also be discharged. He added that the friendship of the two nations was based on clear understanding and would endure for ever.—Reuter's American Service.

RAILWAY RESERVISTS. ATTITUDE OF THE LABOUR PARTY.

LONDON, January 30.
Though he denies knowledge of the action of the Army authorities, in conjunction with the railway companies, for the recruitment of Railway Reservists, Mr. Stephen Walsh, in a letter to Mr. Arthur Henderson on January 8, published by the Trades Union Congress and the Labour Party, explicitly states that "the sole reason for the development of a Supplementary Reserve is for purposes outside the United Kingdom, if the mobilisation and despatch of an Expeditionary force is necessitated."
Mr. Walsh adds that an Army Order guarantees that the Reserve will not be liable to be called out in aid of civil power.—Reuter.

GENEVA PROTOCOL. SIR ROBERT BORDEN GIVES HIS VIEWS.

Ottawa, January 31.
In an address to the League of Nations Society, Sir Robert Borden warmly supported the Geneva Protocol. He thought that the matters raised in connection with the Japanese amendments were irrelevant to the question of participation in the Disarmament Conference, but suggested, however, that a more logical arrangement of the Articles of the Protocol, making it clear that the provisions relating to compulsory arbitration and a definition of aggressor sanctions, were not binding on any nation until a scheme of disarmament and the general provisions of the Protocol were adopted at a Disarmament Conference.—Reuter.

DR. SUN. YAT-SEN. THE LATEST BULLETINS FROM PEKING.

Peking, February 1.
Dr. Sun Yat-sen had a relapse, yesterday afternoon, but passed a comfortable night.
This morning his temperature was 98 and pulse 130.
[An earlier message said:—This morning's bulletin states his temperature yesterday was 101.8 and pulse 140. He was quite weak in the afternoon, but responded well to medical treatment and had a comfortable night. This morning his temperature was 99.3; pulse 120. He feels stronger and his mind is as clear as it has been throughout his illness.]
